Simple.

Effortless.

Chic.

A combination of elegance, style, comfort and exceptional quality, Empire is here. Designed for compact city living, it's the perfect choice for parents who want the best for their baby, without compromising on portability. Smooth, one-handed fold makes every journey a breeze, so you can focus on your little one. From the baby's first adventures, the Empire will grow as they do.

## Finishing touches

Stroll with style all year round – from crisp winter mornings to balmy summer evenings. Choose from three city-chic colours, each with UV50 and water-resistant fabric, embellished with matching metallic trim. Top-quality design combines safety, style and longevity for a pushchair that works as hard as you do.

## Explore the world safely

The soft, ventilated carrycot is perfect for those early days, where protection and comfort are number one priority. A fully reclinable seat system means your baby can nap safely and comfortably on the go – giving you the freedom to shop while they snooze. And as they grow, the Empire grows with them, making this the only pushchair you'll ever need.

# Available colours

Empire Silk Pink

Empire Urban Grey

Empire Ultra Black

## Compact carrying companion

Perfect for life in the city, Empire's compact size makes it easy to shop, hop on the train or tuck it out of the way in a café. Lightweight and effortless to push, its bump-resistant wheels make easy work of kerbs and uneven paths. And when you're ready, fold it away with one hand, leaving you free to hold your baby – or your coffee!
