DISCOVER UPLINE SPECIAL EDITION POWDER & LAVA

# Prams that set new trends

## UPLINE SE POWDER

Fabrics used in this pram reflect sandy beaches - soft and pleasant to touch. The colour draws attention as it changes depending on the light. The overall look is crowned with chrome embellishments and a perfectly balanced matte chocolate-brown frame.

## UPLINE SE LAVA

Volcanic lava served as inspiration for this bold, elegant colour. Lava is the first Upline pram made on a chrome frame, which reflects light, coordinates beautifully with the fabric and reveals a completely new side of the pram.

# Perfect Finishing Touch to the Special Edition
